FOOD SERVICE *Catalog*

BEYOND **TASTE** 

TASTE IS *Chemistry*

It all begins when a food molecule touches a microscopic taste bud on the tongue.

In the brain, where taste connects with other senses, it becomes a rich, personal, joyful experience that urges us to eat. Taste receptors, volatiles, taste cortex... But now there is even more...

“

For us, a table is not only a place where the chef demonstrates her or his talents and generosity, but it is also a gathering point where the experience is enriched with participation of each guest.
